Ms. Waggoner spoke about the question regarding the Property Tax Extension Limitation Law adjustment that she has in the State Aid Formula.

5. PRESENTATION BY CENTER FOR TAX AND BUDGET ACCOUNTABILITY (CTBA): Mr. Ralph Martire, Executive Director of CTBA, provided a Power Point Presentation. 6. PRESENTATION BY ADVANCE ILLINOIS: Ms. Robin Steans, Executive Director, Advance Illinois spoke about current State funding in Illinois, EFAB’s mission and history, components for calculating GSA and methodologies for calculating GSA, as well as issues to consider in the future. Such issues include transparency and measures, inflation index, property tax cap relief, hold harmless provision and special education.

7. MEETING CALENDAR AND PLANNING: Ms. Puente stated that the Board had planned to meet every other month but due to the Board members busy schedules that it was impossible to find a date that three members could be present and meet in either December or January. The challenge that, imposes is that it was discussed and agreed at the last meeting that the Board would ask the staff to update the current adequacy model for FY 2011.

The Board came to an agreement to meet on December 22, 2009 at 1:00 pm and February 10, 2010.
8. **NEXT MEETING AGENDA:** The Board will be looking at other funding methodologies and the adequacy model. The Board would like to hold some public hearings in February and March. The work through the spring would be discussions of the basis of running the simulations and the final report prepared by late fall.

Ms. Puente asked the Board to be thinking about what are the questions we need to be asking ourselves and what are the areas that we will need to be looking at more in depth for the next board meeting.

There will be another presentation on Foundation Level.

9. **ADJOURNMENT:** The meeting was adjourned at 3:03 pm with Mr. Geppert motioning and Mr. Clark seconding.
