The purpose of the PARCC Sample Set Tutorial is to demonstrate the navigation features and tools available for computer-based assessments. The tutorial was created to familiarize students, parents and teachers with the PARCC assessments.

More than half of the schools in Illinois will administer the PARCC assessments online this spring. Other schools will administer the same test in a paper-based format until the time that technology infrastructure is upgraded in Illinois. It is the goal that all schools in Illinois will eventually administer the test online.

**HOW TO TAKE THE PARCC SAMPLE SET TUTORIAL**

2. Scroll down to the middle of the page until you see the blue box labeled “TestNav 8 Tutorial.” This tutorial will familiarize you with how to navigate the TestNav 8 computer-based environment (advancing, going back, tool bar, embedded supports and accommodations).
3. Hover your cursor over the words “View TestNav 8 Tutorial” until you see the hand appear and the selection bar highlight. Click this bar and you will be directed to the PARCC Sample Set Tutorial page. Select the blue button labeled “Start Test Now.”
4. You are now ready to begin the PARCC Sample Set Tutorial. There are 11 questions. Select the blue button labeled “Start Section.”
5. You will be guided through the 11 questions of the tutorial.
6. Note: The Blue arrow at upper left of screen advances to next question.
7. The tutorial does not issue a score and there is not an answer for every question.
