A REPEAT OF THE FALL SESSIONS

This workshop is a repeat of the fall workshop and will introduce teachers to a ONE page rubric titled the Educators Evaluating Quality Instructional Products (EQuiP). This tool helps identify the necessary criteria of quality lessons/units and reinforce alignment to the learning standards. Teachers will be introduced to resources that specifically address the four dimensions of the alignment tool: Alignment to the Depth of the Standards, Key Shifts, Instructional Supports, and Assessment.

This one day workshop will begin with the background of the rubric, an overview of the four dimensions, and breakout sessions specifically for ELA and Mathematics. In the afternoon, teachers will attend sessions on Instructional Supports and Assessment. Administrators will have a separate afternoon session working with the rubric and a focus on implementation guides that will assist their schools and districts with successful application of the Learning Standards. Lunch will be provided.

Time: 9:00am – 3:00pm
Cost: $35.00
