Funding

General State Aid

Fiscal Year 2012 Foundation Level: $6,119

The distribution of General State Aid (GSA) to Illinois common schools is determined by a statutorily defined funding formula. The formula provides for different methods of funding allocation, dependent primarily upon the equalized assessed valuation of property within a particular school district.

For more information regarding the state aid funding formula, visit the GSA Overview.

General State Aid

Fiscal Year 2012 Foundation Level $6,119

The distribution of General State Aid (GSA) to Illinois common schools is determined by a statute-ally defined funding formula. The formula provides for different methods of funding allocation, dependent primarily upon the equalized assessed valuation of property within a particular school district.

For more information regarding the state aid funding formula, visit the GSA Overview.
