The Exchange from Certificates to Licenses

How do I access my Educator Licensure Information System (ELIS) account?

How is my new license different than my previous certificate?

Why did Illinois switch to a licensure system?

I previously held a master’s certificate. How is that information listed on my new license?

Are there still initial and standard licenses?

License and Endorsement Types

What types of licenses exist?

What endorsements can be added to my professional educator license?

What endorsements can be added to my educator license with stipulations?

Can I receive a paper copy of my license?

For how many years is my license valid?

I have not met all of the requirements for a professional educator license. Can I receive any sort of provisional license so I can begin teaching right away?

If I receive an educator license with stipulations endorsed as a provisional educator, will this license automatically be exchanged for a professional educator license (PEL) once I have met the requirements for the PEL?

If I hold a valid professional educator license or educator license with stipulations, am I qualified to be a substitute teacher?

What types of special education endorsements or approvals are available?

Requirements for Licenses and Endorsements

How can I obtain a substitute teaching license?

How can I obtain an ELS endorsed for a paraprofessional educator?
How can I qualify to teach special education in pre-kindergarten?

How can I qualify to teach in a self-contained general education setting?

How can I apply for the LBS I approval?

How can I qualify to teach special education in a cross-categorical Learning Behavior Specialist I (LBS I) setting?

I have completed an alternative educator licensure program in another state. What are my options for licensure in Illinois?

Which tests do I need to take for a specific license?

Which tests do I need to take to add a specific endorsement to my license?

Do I need to have U.S. citizenship to obtain a license in Illinois?

I need additional coursework for the PEL. What courses can I take to fulfill these requirements, and where can I take them?

How can I obtain the gifted education teacher or gifted education specialist endorsement?

Does Illinois offer any alternative routes to educator licensure?

The Application Process

How much are the application fees?

How can I pay the application fees?

How long will it take for my license, endorsement, or approval to be issued?

The endorsement or approval I want is not available on the application. Why?

Registration and Renewal

How much are registration fees for my license?

Which regional office of education (ROE) is in my county or region?

What will I need to do to renew my professional educator license?

How do I renew my substitute teaching license?
I hold a professional educator license and a substitute license. Now that I have to pay separate registration fees for both, is it necessary to maintain both licenses?

My certificate has been exchanged for a license. When do I need to renew my license?

I am a new Illinois educator and have just received my first Illinois license. When should I register my license?

My TASN paraprofessional approval has been exchanged for an educator license with stipulations endorsed as a paraprofessional educator. When should I register my new license?

I applied after July 1, 2013 for a paraprofessional endorsement on my educator license with stipulations. When should I register my license?

Reinstatement of a Lapsed License

My license has lapsed. What are my options for reinstatement?

I need to reinstate my license. What coursework can I complete?

Terminology

My license/endorsement status is listed in ELIS as lapsed, deficient, pending review, etc. What do these statuses mean?

What is a self-contained general education endorsement?

What is an endorsement?

What is LBS I?

What are school support personnel?

What is a paraprofessional?

What do you mean by a valid, comparable out-of-state certificate or license?

What is a state-approved program?

What is entitlement?

What is the difference between an endorsement and a designation on my license?

What is an approval?
What is an IEIN?

Additional Information for International Applicants

I completed an educator preparation program outside of the United States. What additional requirements do I need to apply for licensure in Illinois?

I am an international student completing a state-approved program at a U.S. college or university. Am I eligible to receive an Illinois license?

Do I need to have U.S. citizenship to obtain a license in Illinois?

General Questions

How do I change my name, address, or other information in ELIS?

How can I contact my regional office of education or ISBE?

I cannot open a deficiency letter in my account. What is wrong?

I have two ELIS accounts and need the accounts merged. What should I do?
The Exchange from Certificates to Licenses

How do I access my Educator Licensure Information System (ELIS) account?

Click here to access ELIS. You will need to login to view your credentials.

How is my new license different than my previous certificate?

On July 1, 2013, Illinois implemented a new system of educator licensure that replaced the previous system of educator certification. All Illinois teaching, administrative, and school service personnel certificates have been converted to a corresponding license. Educators did not lose any of their credentials or endorsements in this transition.

If you held an initial, standard, or master teaching certificate, administrative certificate, or school service personnel certificate prior to July 1, 2013, your certificate has been converted to a professional educator license (PEL) endorsed for the content areas and grade levels that were listed on your certificate. Each endorsement corresponds with the certificate that was held prior to July 1.

If you held a provisional, alternative provisional (i.e. teaching or administrative), resident teacher, provisional vocational, temporary provisional vocational, transitional bilingual or visiting international certificate, or an approval to serve as a paraprofessional, your certificate or approval has been converted to an educator license with stipulations (ELS) endorsed for the content areas and grade levels that were listed on your certificate. Each endorsement corresponds with the certificate or approval that was held prior to July 1.

If you held an ESL or bilingual approval, your approval has been exchanged for a comparable endorsement. All other approvals are listed in the “My Credentials” section of your ELIS account.

If you held a substitute teaching certificate, your certificate has been converted to a substitute teaching license.

View the following PowerPoint link for additional information regarding the exchange from certificates to licenses. The Illinois Licensure Exchange PowerPoint

Why did Illinois switch to a licensure system?

In the past, Illinois educator certificates sometimes caused confusion for teachers and administrators; it has not always been clear from the certificate which subjects or grade levels the holder is qualified to teach. To clarify this, Illinois transitioned from a certificate system to a
licensure system during the summer of 2013, moving from 60 types of educator certificates and endorsements to just three licenses.

To simplify the credential environment, ISBE will now only issue three types of licenses:

1. Professional Educator License (PEL)
2. Educator License with Stipulations (ELS)
3. Substitute License

It is possible for an individual educator to hold multiple licenses, as different certificates held at the time of the exchange will be converted to endorsements on different licenses.

I previously held a master’s certificate. How is that information listed on my new license?

Anyone who previously held a master’s certificate has been issued a professional educator license with a National Board for Professional Teaching Standards (NBPTS) master teacher designation.

Are there still initial and standard licenses?

No. All initial and standard certificates have been converted to professional educator licenses. Thus, letters of teaching experience for the purpose of moving from initial to standard are no longer needed beginning July 1, 2013.
License and Endorsement Types

What types of licenses exist?

There are three types of licenses in Illinois:

- Professional Educator License
- Educator License with Stipulations
- Substitute Teaching License

Click each license type to see the endorsements that can be added to that particular license. Please note endorsements cannot be added to a substitute license. Click here to see the requirements for obtaining each license.

Please note that after issuance, all licenses must be registered in your ELIS account to be valid for teaching.

What endorsements can be added to my professional educator license?

The following endorsements can be added to a professional educator license:

- Early Childhood Education (Birth-grade 3)*
- Elementary Education (K-9)*
- Secondary Education (9-12)*
- Special (K-12, endorsed in one content area)*
- Special Education (PK- Age 21)*
- School Counselor (PK- Age 21)*
- School Social Worker (PK- Age 21)*
- School Psychologist (PK- Age 21)*
- School Nurse (PK- Age 21)*
- Speech Language Pathologist (teaching or non-teaching) (PK-Age 21)*
- Principal (PK-12)*
- Chief School Business Official (PK-12)*
- Director of Special Education (PK-21)*
- Superintendent (PK-12)*
- Reading Specialist (K-12)*
- Gifted Education Specialist (PK-12)*
- Gifted Education Teacher (Grade range varies)**
- Teacher Leader (PK-12)*
- Content/Subject Areas (Grade range varies)**

* indicates the endorsement can be added to a professional educator license.
** indicates the endorsement can be added to a professional educator license, if certain requirements are met.
*Requires completion of a state-approved educator preparation program

** Can only be added within the grade range of your current credentials

What endorsements can be added to my educator license with stipulations?

The following endorsements can be added to an educator license with stipulations:

Provisional Educator

- Early Childhood Education (birth-grade 3)*
- Elementary Education (K-9)*
- Secondary Education (6-12)*
- Special (K-12, endorsed in one content area)*
- Special Education (PK- Age 21)*
- School Counselor (PK- Age 21)*
- School Social Worker (PK- Age 21)*
- School Psychologist (PK- Age 21)*
- School Nurse (PK- Age 21)*
- Speech Language Pathologist (teaching or non-teaching) (PK-Age 21)*
- Chief School Business Official (PK-12)*
- Director of Special Education (PK-21)*
- Superintendent (PK-12)*
- Content/Subject Areas (Grade range varies)**

Alternative Provisional Educator (various programs available)

Career and Technical Educator (7-12) (field endorsed)

Provisional Career and Technical Educator (11-12) (field endorsed)

Part-time Provisional Career and Technical Educator (6-12)

Transitional Bilingual Educator (PK-12) (language endorsed)

Visiting International Teacher (grade range varies)

Paraprofessional Educator (PK- Age 21)

** Can only be added within the grade range of your current credentials

The following endorsements can only be issued through entitlement:

Alternative Provisional Educator (grade range varies)

Alternative Provisional Superintendent (K-12)

Resident Teacher (grade range varies)
Can I receive a paper copy of my license?

Educators will not receive paper copies of their licenses but may print any ELIS page if they wish to have a printed version of their credentials.

For how many years is my license valid?

Your first license after the exchange (July 1, 2013) will be valid for the time period remaining on the current certificate; thereafter, each license will have to be renewed and registered at the end of its validity period. Note: Upon renewal and registration, the professional educator license will be valid for five years.

A newly-issued **professional educator license** is valid for five full fiscal years and renewable if professional development requirements are met.

The educator license with stipulations endorsed as a **provisional educator** is valid for two full fiscal years and is non-renewable.

The educator license with stipulations endorsed as a **transitional bilingual educator** is valid for five full fiscal years and may not be renewed.

The educator license with stipulations endorsed as a **career and technical educator** is valid for five full fiscal years and may be renewed.

The educator license with stipulations endorsed as a **provisional career and technical educator** is valid for five full fiscal years and may be renewed once.

The educator license with stipulations endorsed as a **visiting international teacher** is valid for three full fiscal years and may not be renewed.

The **substitute teaching license** is valid for five full fiscal years and renewable if the licensee has passed Illinois’ test of basic skills.

I have not met all of the requirements for a professional educator license. Can I receive any sort of provisional license so I can begin teaching right away?

If you have not met all of the requirements for a professional educator license and you would like to begin teaching immediately, you may be eligible for an **educator license with stipulations**
endorsed as a provisional educator. Please view the requirements for the professional educator license and the educator license with stipulations to determine which license is best for you.

An educator license with stipulations endorsed as a provisional educator is valid for two full fiscal years and cannot be renewed. You must meet the requirements of the professional educator license to continue to be legally employed.

If I receive an educator license with stipulations endorsed as a provisional educator, will this license automatically be exchanged for a professional educator license (PEL) once I have met the requirements for the PEL?

Yes, your educator license with stipulations endorsed as a provisional educator will be automatically exchanged for a professional educator license if the requirements for the PEL have been met within the one-calendar year validity of your deficiency letter. Click here to see the requirements for obtaining the professional educator license.

If you do not meet the requirements for the PEL within one calendar year, you must submit a new application and fee and meet any new licensure requirements that are in effect at the time of your new application.

If I hold a valid professional educator license or educator license with stipulations, am I qualified to be a substitute teacher?

If you hold a valid professional educator license or educator license with stipulations that required a bachelor’s degree for issuance, you are qualified to be a substitute teacher. You do not need to hold a substitute teaching license.

What types of special education endorsements or approvals are available?

To view requirements for each endorsement or approval, click here.

**Endorsements Requiring Completion of an Approved Preparation Program:**
Learning Behavior Specialist I (PK- Age 21) (cross-categorical special education)
Teacher of Students Who are Deaf or Hard of Hearing (PK- Age 21)
Teacher of Students Who are Blind or Visually Impaired (PK- Age 21)
Speech Language Pathologist- Teaching (PK- Age 21)
**Other Endorsements:**
Gifted Education Teacher
Gifted Education Specialist
Learning Behavior Specialist I (valid for the grade range of your license)
Learning Behavior Specialist II (available through entitlement only after completing an approved program)

**Approvals:**
Early Childhood Special Education
Bilingual Special Education
ESL Special Education
Adaptive PE
Sign Language Interpreter
Interim Sign Language Interpreter
Cued Speech Interpreter
Teacher Coordinator of Vocational Programs
Vocational Coordinator
Short-term Emergency (for special education)
Requirements for Licenses and Endorsements

How can I obtain a substitute teaching license?

A substitute teaching license, valid for substitute teaching in grades PK-12 in any county in Illinois, may be issued to individuals who hold a bachelor’s degree or higher from a regionally accredited institution of higher education. To apply, individuals may submit an application online in the Educator Licensure Information System (ELIS). A $100 fee will be assessed electronically when the application is submitted. After submitting their application, individuals should have an official transcript showing an awarded bachelor’s degree sent to ISBE.

To be valid for teaching, a substitute license must be registered in ELIS after it is issued. The license is valid for five years and may be renewed if the educator has passed Illinois’ test of basic skills (TAP 400.) The test of basic skills may be waived with a composite score of 22 and a combined English/Writing score of 19 or higher on the ACT Plus Writing, or a composite score of 1030 (mathematics + critical reading) and a writing score of 450 or higher on the SAT. An individual who has passed a test of basic skills for the first licensure renewal is not required to retake the test for further renewals.

Please note: Individuals who hold a lapsed professional educator license (PEL) and owed professional development are not eligible to obtain a substitute teaching license. If your PEL is lapsed and you do not owe professional development, you may obtain a substitute teaching license.

Individuals who have had their PEL or ELS suspended or revoked and have not met the renewal requirements are not eligible to obtain a new substitute teaching license.

How can I obtain an ELS endorsed as a paraprofessional educator?

A paraprofessional educator endorsement on an educator license with stipulations may be issued to an individual who holds a high school diploma or its recognized equivalent and has met one of the following requirements:

1. Holds an associate degree from a regionally accredited institution of higher education;
2. Has completed at least 60 semester hours of credit from a regionally accredited institution of higher education (excluding remedial coursework);
3. Presents an official score report from Educational Testing Service (ETS) showing a score of 460 or higher on the ParaPro test; or
4. Presents evidence of earning the following scores on the Work Keys test (offered by ACT):
   Reading for Information (4), Writing/Business Writing (3), and Applied Mathematics (4).

To apply for an educator license with stipulations endorsed as a paraprofessional educator, individuals may submit an application in the Educator Licensure Information System (ELIS). A $100 fee will be assessed electronically when the application is submitted. After submitting their application, individuals should have a copy of their high school diploma and official transcripts showing completion of any college coursework sent to ISBE.

If an educator currently holds an educator license with stipulations endorsed in another area (provisional educator, transitional bilingual educator, etc.), he/she must submit an application for a new educator license with stipulations since the validity period of the paraprofessional educator endorsement will be different than the other license’s endorsement.

An educator license with stipulations endorsed as a paraprofessional educator is not valid until it is registered. Once registered, the license is valid until June 30 immediately following five years of the endorsement being issued and may be renewed.

How can I obtain a middle school endorsement?

Before you can add a middle school endorsement, you must hold an endorsement for one of the following grade ranges:

- Elementary (K-9)
- Secondary (6-12)
- Special (K-12) or Special Education (PK-21)

If you hold an elementary education endorsement, the middle school endorsement is valid for grades 5-8. If you hold a secondary education endorsement, the middle school endorsement is valid for grades 6-8. If you hold a special (K-12) or special education (PK-21) endorsement, the middle school endorsement is valid for grades 5-8.

To obtain a middle school endorsement, you must submit an application for endorsement and meet the coursework requirements for the endorsement sought. Some middle school endorsements also require passing a content area test. View requirements for all available middle school endorsements here. Six semester hours of middle grade professional coursework must also be completed. For more information about the middle school coursework, click here.

Exception: If you completed a state approved K-12 program and hold a special K-12 endorsement in a specific subject area, you can teach middle school in that specific subject area without completion of the middle grade professional coursework.
How can I qualify to teach special education in pre-kindergarten?

To teach special education in pre-kindergarten, you must hold an early childhood special education approval. This approval can ONLY be obtained if you already hold an early childhood education (birth-grade 3) endorsement, a special (LBSI PK-21) endorsement, or a split elementary education/secondary education endorsement that includes an LBSI endorsement with a combined grade range equivalent to PK-21. The Early Childhood Special Education approval (ECT) is granted when an educator has completed coursework in early childhood special education methods, early childhood special education assessment, language development in the young child, and child, family, & community relationships. This is not always achieved with the completion of just four courses. Illinois institutions have identified a specific sequence of courses offered at their institutions that will meet these areas.

Although the grade range of the special (LBSI PK-21) endorsement encompasses pre-kindergarten, educators with this endorsement are not qualified to teach pre-kindergarten special education until they hold the early childhood special education approval.

Exception: Teachers of students who are deaf or hard of hearing, teachers of students who are blind or visually impaired, and speech language pathologists are not required to hold an early childhood special education approval.

How can I qualify to teach in a self-contained general education setting?

To teach in a self-contained setting and teach all subjects, you must hold the self-contained general education endorsement on your license. This endorsement is only available to individuals who have completed a state-approved early childhood education or elementary education program and have passed the appropriate tests.

How can I apply for the LBS I approval?

There is no application for the LBS I approval. Instead, you should apply for the LBS I endorsement. If you have completed all necessary coursework but have not passed the LBS I content-area test, you will be issued the LBS I approval instead of the LBS I endorsement.
How can I qualify to teach special education in a cross-categorical Learning Behavior Specialist I (LBS I) setting?

To teach cross-categorical special education for grades kindergarten and above, you must hold the LBS I endorsement or LBS I approval. The LBS I approval is valid for 3 calendar years if issued on or after January 1, 2002. If issued prior to that date, there is no end date and the approval does not expire. The LBS I approval is valid for the grade range of the endorsement held for grades kindergarten and above. **To serve as a teacher for cross-categorical early childhood special education, you must also obtain the early childhood special education approval.**

You may hold one of the following grade level endorsements and either the LBS I approval or the endorsement:

<table>
<thead>
<tr>
<th>Grade Level Endorsement</th>
<th>LBS I Approval or Endorsement Grade Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Early Childhood Teaching</td>
<td>(Grade B-3)</td>

</table>

**I have completed an alternative educator certification program in another state. What are my options for licensure in Illinois?**

Each out-of-state applicant for an Illinois teaching license must meet licensure requirements that are similar to Illinois requirements. For those who have completed alternative certification or licensure programs, requirements include:

- Graduation from a regionally accredited institution with a bachelor’s degree that directly corresponds to the endorsement sought and meets the requirements for that endorsement
• An intensive course of study approved by that state for this purpose
• Student teaching or another structured teaching experience that forms part of the approved alternative program, as well as additional required coursework that applies to all out-of-state applicants

Out-of-state applicants who completed an alternative licensure program cannot receive a provisional educator endorsement on the educator license with stipulations unless the program has been determined to be equivalent to Illinois program requirements.

**Which tests do I need to take for a specific license?**

To see the exact tests needed for licensure, view the Illinois Licensure, Endorsement, and Approval Requirements and select the particular license you are seeking.

For additional testing information, including test registration, please visit www.icts.nesinc.com.

**Which tests do I need to take to add a specific content/subject endorsement to my license?**

Click here to see what tests (if any) are required for each subject/content area endorsement.

All content-area tests are valid for five calendar years from the test date.

**Do I need to have U.S. citizenship to obtain a license in Illinois?**

You do not need to be a U.S. citizen or hold a valid social security number to obtain an Illinois license, but you must hold a valid social security number to obtain employment as an educator. For additional information about acquiring a social security number through the Social Security Administration, click here.
I need additional coursework for the PEL. What courses can I take to fulfill these requirements, and where can I take them?

The Illinois State Board of Education has pre-approved courses from various Illinois and out-of-state institutions for the professional educator license requirements. To see specific courses that may be completed to meet licensure requirements in the areas of cross-categorical special education methods, ESL/bilingual methods, reading methods, and reading in the content area, click here.

How can I obtain the gifted education teacher or gifted education specialist endorsement?

Click here for a document detailing the requirements for each endorsement. You may also view requirements in the Illinois Licensure, Endorsement, and Approval Requirements document. Please note that the gifted education specialist endorsement is only earned through completion of an Illinois approved program, and no such programs have been approved at this time.

Does Illinois offer any alternative routes to educator licensure?

Yes. Instead of completing a traditional route to educator licensure, you may complete an approved alternative licensure program in the state. Alternative programs are two-year programs and typically begin with an intensive course of study during the summer term. Then, candidates serve as teachers of record in their own classroom for two years. Additional program requirements are completed during this time.

To be admitted to an alternative licensure program, you must already hold a bachelor’s degree in a content area and have passed the Test of Academic Proficiency (or provided acceptable ACT or SAT scores) and have passed the applicable content test.

To begin your first year of residency, you must apply for an educator license with stipulations endorsed for provisional alternative educator and complete a course of study in the approved alternative education program.

Before beginning your second year of residency, you must complete any additional coursework required by your program, pass the edPTA (candidates beginning their second year of residency in the 2015-2016 school year will be required to pass the edTPA during that year), pass the APT test, and be recommended by your program to begin the second year of residency.

Please view the Directory of Approved Programs to see the alternative licensure programs available in Illinois. You may contact specific institutions for information about applying to the program.
The Application Process

How much are the application fees?

Professional Educator License (PEL) Application Fee:

If you completed an educator preparation program in Illinois, the license application fee is $100.*

If you completed an educator preparation program outside Illinois, the application fee for your license is $150.*

If you do not qualify for the PEL but meet the requirements for the ELS endorsed as a provisional educator, the ELS will be issued. The ELS can be exchanged for the PEL for no additional fee or application if PEL deficiencies are removed within one calendar year.

Educator License with Stipulations Application Fee:

If you completed an educator preparation program in Illinois, the license application fee is $100.*

If you completed an educator preparation program outside Illinois, the application fee for your license is $150.* Exception: Transitional bilingual educator fees are $100.*

Substitute License Fee:

The application fee for a substitute license is $100.*

Paraprofessional Endorsement on an Educator License with Stipulations:

The application fee is $100.*

Endorsements:

The application fee for adding an endorsement to an existing license is $50 per endorsement.*

Approvals:

The application fee for adding an approval is $50.*

*A convenience fee will be applied at the time of your online payment.
How can I pay the application fees?

All fees must be paid online with a credit or debit card at the time of application. If you are uncomfortable using your personal credit/debit card, pre-paid credit cards with an expiration date may be used. Master Card, Visa, Discover, and American Express are accepted.

How long will it take for my license, endorsement, or approval to be issued?

Applications are processed in the order they are received, and issuance time depends on the volume of applications.

You can check the status of your application in the “My Credentials” section of your ELIS account. Below are statuses you may see in your account.

**PR- Pending Review** - Your application has been received and is in a queue to be reviewed. Applications are reviewed in the order they are received. You will receive an email alert when your evaluation has been completed.

**D- Deficient** - Your application is missing one or more requirements, such as a test, coursework, or a necessary document. Check the “deficiency letter” section of your account to view the requirements you are missing. Access your letter using Internet Explorer or Firefox.

**I- Issued** - Your credential has been issued. If your credential is a new license, you need to register your license by clicking the registration badge on your ELIS home screen.

The endorsement or approval I want is not available on the application. Why?

There are a few reasons the endorsement you are seeking may not be available on the endorsement application:

1. If you already hold the endorsement, or if you have applied for the endorsement in the past year and hold a valid deficiency letter, you will not be able to apply for the same endorsement. Click the “My Credentials” tab in your ELIS account to see your issued, pending, and deficient credentials.

2. If an Illinois university or college has recommended you for a specific endorsement or approval through *entitlement*, you will not be able to apply for the same endorsement through ISBE transcript evaluation. Please check your pending credentials on your ELIS homepage to see if a higher education institution has entered a notification for entitlement. You can then apply for the pending endorsement.

3. Some endorsements or approvals are only available through *entitlement*. The principal, reading specialist, alternative provisional superintendent, alternative provisional educator, and resident teacher endorsements, as well as the interim school counselor intern approval
and all LBS II approvals, are only granted through entitlement. If you are seeking one of these endorsements or approvals, please speak to an Illinois university or college for information about approved program requirements.

4. Other endorsements are only available for specific grade ranges. You must hold an endorsement for the grade range needed for a particular endorsement. For instance, you cannot submit an application for mathematics (9-12) unless you already hold the secondary education endorsement. To add an additional grade range endorsement to your license, you must complete a state-approved program at a regionally-accredited college or university.

5. Some endorsements can only be added to a specific license. If you do not hold the correct license type, you will not be able to add the endorsement. View a list of endorsements that can be added to a professional educator license and a list of endorsements that can be added to an educator license with stipulations.
Registration and Renewal

How much are registration fees for my license?

Licenses must be registered for $10 per year to prevent them from lapsing. Educators can pay registration fees by logging in to ELIS, and registration fees must be paid for the entire cycle of the license. If you hold more than one license, you must pay registration fees for each license. It is your responsibility to remember when your license needs to be registered.

If a license is not registered after six months, it lapses, and the educator will have to pay a $500 penalty fee OR complete nine semester hours of appropriate college coursework. View more information about lapsed licenses here.

Exception: Individuals who receive a paraprofessional endorsement on an educator license with stipulations through the licensure exchange are not required to pay registration fees for the first five-year cycle.

Which regional office of education (ROE) is in my county or region?

Regional offices of education are grouped by county (or regions within counties) throughout Illinois. Your license must be registered in the region where you are employed or live. Click here to see a list of regional offices of education.

What will I need to do to renew my professional educator license?

Proposed legislation may change the renewal requirements for the professional educator license beginning July 1, 2014, so please check back to this website regularly after January 1, 2014 for the latest information. If you are working on a professional educator license with a teaching endorsement, continue to engage in professional development activities for renewal during the 2013-2014 school year. Maintain evidence of completion for two years after your license renewal date in case you are audited.

Individuals working in a position that requires a professional educator license with an administrative endorsement may be required to complete one Administrator’s Academy course for fiscal year 2014 depending on the passage of new legislation.

(continued on the following page)
School Support Personnel are not required to complete professional development for fiscal year 2014.

Illinois educators are strongly advised to monitor the ISBE Educator Licensure webpage for ongoing information about Illinois educator licensure. Please contact your regional office of education if you have additional questions.

How do I renew my substitute teaching license?

If you have never passed a test of basic skills for a previous Illinois certificate/license, you will need to pass one before your substitute license can be renewed. The following tests can be used to meet the basic skills requirement:

- Former Illinois Basic Skills test
- Test of Academic Proficiency (TAP 400)
- ACT Plus Writing (with a composite score of 22 or higher and a combined English/Writing score of 19 or higher)
- SAT (with a score of 1030 or higher in critical reading + math and a writing score of 450 or higher)
- ACT WorkKeys assessment (Math- 4, Reading- 4, Writing-3)

If you plan to submit ACT or SAT scores, an official score report must be sent directly from the testing agency. Tests must have been taken within the past ten calendar years. Click here for more information about submitting your scores.

An individual who has passed a test of basic skills for the first substitute licensure renewal is not required to retake the test for further renewals.

Please note: You may continue to renew your substitute license if you have a lapsed professional educator license.

I hold a professional educator license and a substitute license. Now that I have to pay separate registration fees for both, is it necessary to maintain both licenses?

It is not necessary to maintain both types of licenses. Your professional educator license (PEL) allows you to teach as a substitute, and some districts require this for their substitute teachers. The PEL allows more flexibility for teaching; so even if you retire, it is better to maintain your PEL than to receive a substitute license and allow your PEL to lapse.
My certificate has been exchanged for a license. When do I need to renew my license?

Your first license after the exchange (July 1, 2013) will be valid for the time period remaining on the current certificate; thereafter, each license will have to be renewed and registered at the end of its validity period. Note, upon renewal and registration, the professional educator license will be valid for five years.

If your certificate was registered until June 30, 2013 and you waited to register your new professional educator license, you must pay the appropriate fees and register the license for the full five-year cycle ending June 30, 2018.

Substitute licenses will be valid for a five-year cycle beginning July 1, 2013. If your substitute certificate was exchanged for a substitute teaching license, you will have five years until your license needs to be renewed, but check your ELIS account to ensure your registration fees have been paid for the full cycle.

I am a new Illinois educator and have just received my first Illinois license. When should I register my license?

Your license should be registered within six months of its issuance or it will lapse. You should register your license in your ELIS account and identify the regional office of education in the county where you work or live. Click here to see a list of regional offices of education listed by county.

My TASN paraprofessional approval has been exchanged for an educator license with stipulations endorsed as a paraprofessional educator. When should I register my new license?

If you received a TASN paraprofessional endorsement on an educator license with stipulations through the licensure exchange, you are not required to pay registration fees for the first five-year cycle but you must register the license within 6 months or it will lapse.

If you hold a TAS approval, this approval is still valid for life and no registration fees are required. New TAS approvals are no longer issued.
I applied after July 1, 2013 for a paraprofessional endorsement on my educator license with stipulations. When should I register my license?

If you are receiving your first educator license with stipulations, you should register your license as soon as possible. Your license can be registered in your ELIS account.
Reinstatement of a Lapsed License

My license has lapsed. What are my options for reinstatement?

If your educator license has lapsed because you have not completed the required professional development and/or Administrators’ Academy courses, you must complete any deficient professional development, enter the activities in ELIS, and submit your PD before you may reinstate your license. Once you have satisfied the professional development requirements, you may choose one of the two following options:

1. Educators who have lapsed may complete nine semester hours of coursework in one or more of the endorsement areas listed on their license. Coursework must be completed within the last five fiscal years. View acceptable courses you may complete for reinstatement.

2. Educators who have lapsed may pay a $500 penalty fee in place of completing nine semester hours of coursework.

You may apply for reinstatement in ELIS. You will be able to select which of the two reinstatement options you wish to use.

I need to reinstate my license. What coursework can I complete?

If you plan to reinstate your license by completing nine semester hours of coursework in the last five fiscal years, view the list of acceptable coursework for each license type below.

**Elementary or Early Childhood Endorsement:** Coursework in any of the following areas: core content courses (English language arts, math, science, or social science), reading, special populations (including special education, gifted, English as a second language, or bilingual education), human development, educational psychology, methods of instruction, or technology as it relates to education. Coursework in any of your endorsement areas will also be accepted.

**Secondary Education or K-12 Special Endorsement:** Coursework in any of the following areas: reading, special populations (including special education, gifted, English as a second language, or bilingual education), human development, educational psychology, methods of instruction, or technology as it relates to education. Coursework in any of your endorsement areas will also be accepted.

**Special Education PK-21 Endorsement:** Coursework in any of the following areas: core content courses (English language arts, math, science, or social science), reading, special populations (including special education, gifted, English as a second language, or bilingual education), human
development, educational psychology, methods of instruction, or technology as it relates to education. Coursework in any of your endorsement areas will also be accepted.

Administrative Endorsement: Coursework in any of the following areas: reading, special populations (including special education, gifted, English as a second language, or bilingual education), human development, educational psychology, methods of instruction, or technology as it relates to education. Coursework in any of your endorsement areas will also be accepted.

School Support Personnel Endorsement: Coursework in any of the following areas: reading, special populations (including special education, gifted, English as a second language, or bilingual education), human development, educational psychology, methods of instruction, or technology as it relates to education. Coursework in any of your endorsement areas will also be accepted.

**A $500 penalty fee can be submitted instead of completing nine semester hours of coursework.**
Terminology

My license/endorsement status is listed in ELIS as lapsed, deficient, pending review, etc. What do these statuses mean?

**Completed Program (CP):** If you are being recommended for a license or endorsement through entitlement, your status will be “Completed Program” until you apply for your pending notification. To apply for the entitlement notification, go to your ELIS homepage and click on the link that alerts you of your pending entitlement notification. Your status will change to “issued” once your application and fee are received.

**Deficient (D):** You have not met all of the requirements needed for the endorsement/license. You will receive a letter through email detailing the requirements you need to meet.

**Deleted/Removed (DR):** The license/endorsement has been removed from your credentials and is not valid for teaching in an Illinois public or state-operated school. You may see this status if a duplicate license/endorsement was removed from your credentials.

**Educator Surrendered (SU):** The educator has voluntarily given up the license/endorsement.

**Exchanged (EX):** The license has been converted into a different license. The license with the “exchanged” status is not valid for employment in an Illinois public or state-operated school. This status is most often seen on licenses that were once “certificates” prior to implementation of ELIS. For example, prior to July 1, 2013, an initial certificate may have been exchanged for a standard certificate, or a provisional certificate may have been exchanged for a full certificate. In ELIS, these historical licenses would have an “exchanged” status.

**Expired (X):** The license/endorsement has expired and is not valid for employment in an Illinois public or state-operated school.

**Inactive (IN):** Your license registration fees expired and/or a Statement of Assurance (SOA) was not approved prior June 30 of this year. You have until December 31 of this year to pay registration fees and/or obtain SOA approval. Your license is invalid for employment in an Illinois public or state-operated school.

**Issued (I):** You have met all necessary requirements for the license/endorsement.

**Lapsed (L):** Your last renewal cycle ended on or before June 30 of last year. Your license lapsed because your license registration fees were not paid and/or a Statement of Assurance (SOA) was not approved by December 31 of the year the renewal cycle ended. Your license is invalid for employment in an Illinois public or state-operated school until you reinstate it. Click here for an explanation of your reinstatement options.
Licensure Conversion (LC): If you held an Illinois certificate prior to July 1, 2013, that certificate transferred to the new licensure system with a “licensure conversion” status. If your certificate was valid at the time of the conversion, the same license is listed in your credentials with an “issued” status.

Pending Review (PR): ISBE has received your application, and it is waiting to be reviewed by an evaluator. Applications will be reviewed in the order they are received.

Pre-Completion of Program (PC): The individual is being entitled for a license by an Illinois university or college, but has not yet met all of the requirements for licensure.

Revoked (R): For educational purposes, the license no longer exists, and notification to that effect was entered into the nationwide database.

Suspended (S): The license or endorsement is no longer valid for working in a position requiring that credential, but it may be reinstated after a specific period of time.

What is a self-contained general education endorsement?

This endorsement allows an educator to teach all subject areas in one classroom to all students within the grade range of the license.

What is an endorsement?

The term endorsement is used to describe a credential listed on a professional educator license or an educator license with stipulations.

A teaching endorsement may be a grade-level endorsement (i.e. early childhood, elementary, secondary, or special) or a content/subject-area endorsement (i.e. middle school language arts, senior high school health education, or transitional bilingual educator).

Administrative endorsements include chief school business official, director of special education, superintendent, principal, and general administrative.

School support personnel endorsements include school counselor, school social worker, school psychologist, school nurse, and speech language pathologist (non-teaching).
What is LBS I?

LBS I is the acronym for Learning Behavior Specialist I. An educator can teach cross-categorical special education with an LBS I endorsement.

What are school support personnel?

School support personnel include the following: school social worker, school counselor, school psychologist, school nurse, and non-teaching speech-language pathologist.

What is a paraprofessional?

Paraprofessionals are personnel authorized to be employed to assist in instruction (for example, a teacher’s aide). After July 1, 2013, all new applicants for a paraprofessional credential must hold an educator license with stipulations endorsed for a paraprofessional educator in order to be employed as a paraprofessional.

What do you mean by a valid, comparable out-of-state certificate or license?

To receive an educator license with stipulations endorsed as a provisional educator, you must present a valid, comparable out-of-state certificate or license. To be “valid”, your certificate must be active and not expired. To be “comparable”, your certificate must be equivalent to an Illinois license endorsed in the specific teaching field you are seeking. For instance, if you are seeking the “secondary education” endorsement in Illinois, your out-of-state certificate or license must list credentials for teaching grades 6-12 (or a similar range).

If you are seeking an educator license with stipulations endorsed in an administrative or school support personnel area, your out-of-state certificate or license must reflect the credential you are seeking in Illinois. For example, if you are seeking the school counselor endorsement in Illinois, your out-of-state certificate or license must list a school counselor credential.

What is a state-approved program?

A state-approved program is a higher education institution or not-for-profit organization’s focused program for the preparation of education personnel that leads to licensure in that state or country. To be considered an “approved program” in Illinois, an institution/organization must
meet rigorous requirements and be recognized as such by the Illinois State Board of Education. For a list of approved programs available at Illinois colleges and universities, click here.

**What is entitlement?**

Entitlement is the process Illinois institutions of higher education or not-for-profit entities recognized and approved to offer educator preparation programs use when recommending a candidate for a particular endorsement or license. If you completed coursework at an Illinois university or college that qualified you for an endorsement or license, the institution may enter a notification for entitlement in your ELIS account.

By entering this notification, the institution is confirming you have completed all coursework and testing requirements required for the endorsement/license per current Illinois rules and regulations.

The pending credential will be listed on your ELIS home page. You can apply for this credential on your ELIS home page.

**What is the difference between an endorsement and a designation on my license?**

An endorsement entitles you to teach or administrate in a specific area. You cannot teach in a National Board for Professional Teaching Standards (NBPTS) designation area unless you hold the applicable Illinois endorsement.

**What is an approval?**

*Xhe following approvals are available.*

Adaptive PE  
Bilingual Special Education  
Cued Speech Interpreter  
Early Childhood Special Education  
English as a Second Language Special Education  
Interim Sign Language Interpreter  
School Counselor Intern  
School Nurse Intern  
School Psychologist Intern  
Short-Term Emergency (for special education)
What is an **IEIN**?

An IEIN (Illinois Educator Identification Number) is a unique number assigned to each individual when his/her ELIS account is created. If you should ever need to contact your ROE or ISBE with questions, please have your IEIN available so staff may easily locate your account.
Additional Information for International Applicants

I completed an educator preparation program outside of the United States. What additional requirements do I need to apply for licensure in Illinois?

To receive a license in Illinois, out-of-country applicants must have been prepared as an educator outside of the United States, meet all coursework and testing requirements, and meet all other requirements detailed in Illinois statute and rules.

If you have foreign credentials, you will need to obtain a course-by-course evaluation that converts the foreign educational credentials to equivalent U.S. semester credits and courses. The evaluation will need to specify the grade level for which you were prepared as an educator. It will also need to indicate the U.S. degree equivalence of your foreign credentials. We will require the original course-by-course foreign credential evaluation report. You will also need to present your original foreign documents to your regional office of education, and copies of these documents will be sent to the Illinois State Board of Education. Click here for a list of approved evaluation sources.

I am an international student completing a state-approved program at a U.S. college or university. Am I eligible to receive an Illinois license?

Yes, you may receive an Illinois license. If you plan to use your newly-issued license for employment in the U.S.; however, you must obtain a social security number. Please visit this page of the Social Security Administration website for more information:

The following pages also provide helpful information:
http://www.socialsecurity.gov/people/immigrants/
http://www.socialsecurity.gov/pubs/10181.html#a0=1

Do I need to have U.S. citizenship to obtain a license in Illinois?

You do not need to be a U.S. citizen to obtain an Illinois license.
General Questions

How do I change my name, address, or other information in ELIS?

You may change your email address, mailing address, or phone number by logging in to your ELIS account and clicking the edit link in your contact information section.

To change your name or update your degree information, complete form 73-71 Licensure Update Request and bring the form and other necessary documents to your regional office of education (ROE) so they may upload the materials to ISBE. Alternatively, you may fax or mail the materials to ISBE. Official transcripts verifying a degree must be sent directly from the institution or mailed to ISBE in an envelope that was sealed by the institution.

If your social security number is listed incorrectly, your ROE can upload a copy of your social security card to ISBE, or you may mail or fax a copy of your card directly to ISBE.

If your birth date is listed incorrectly, your ROE can upload a copy of your birth certificate or driver’s license to ISBE, or you may mail or fax a copy directly to ISBE.

Incorrect gender listings may be corrected by contacting your ROE or ISBE and requesting the change.

How can I contact ISBE or my regional office of education?

The contact information for each regional office of education (ROE) in Illinois is listed in the Directory of Regional Offices of Education.

Contact information for the Illinois State Board of Education- Educator Licensure Division is below:

Mailing Address:

Illinois State Board of Education
Educator Licensure Division
100 N. First St.
Springfield, IL 62777

Educator Licensure Call Center: 217-557-6763

Educator Licensure Fax Number: 217-524-1289
I cannot open a deficiency letter in my account. What is wrong?

You may be using an incompatible browser. ELIS works best with Internet Explorer and Firefox; there are known compatibility issues with other browsers. You should also access your letter using a PC or laptop rather than a phone or tablet.

I have two ELIS accounts and need the accounts merged. What should I do?

Please fax or mail a copy of your social security card and a note indicating you have two ELIS accounts that need to be merged. The note should include your name and IEINs for both accounts.
