

My Data Dashboard

Illinois
State Board of
Education

Introductions

- Maureen Font, Director, Data Strategies & Analytics
- Dave Fangmeier, Project Management - Project Manager
- Melina Wright, Project Manager/Outreach Coordinator, NIU
- Alan Clemens, Director, Illinois Interactive Report Cards, NIU

Background

- System development began in October 2015 with statewide launch in February 2018.
- Development transferred to NIU in Oct 2020. NIU conducted statewide analysis in 2021.
- Concerns from the field centered on relevance of data, flexibility of use, and system performance.

Specific findings from Ed360 Business Analysis

- Users want additional functionality:
 - Ability to customize
 - Access to more detailed data within the system
 - More intuitive interface
- Users want additional data:
 - Trend and cohort data
 - Ability to break data down by demographic group
 - ACCESS assessment data and other data not yet available in the system

Recent Enhancements for My Data Dashboard

Relocate and Rebrand

- My Data Dashboard emphasizes user-responsive design.
- Moved into MyIRC, a suite of applications providing utility to users statewide for over a decade.

New Data and Visualizations

New Data Visualizations

- Business rule walk-throughs
- Data by report card year and by student cohort
- Detailed student rosters (for authorized users)

New Data Sets

- Pilot data sets include:
 - Graduation Rate
 - 8th Graders Passing Algebra I
 - Chronic Absenteeism
- Assessment data next to be piloted

New Data and Visualizations: [Business Rule Walk-Throughs](#)

Step-by-step simplified overviews to support better understanding across all system users

Chronic Absenteeism

percentage of students that are identified as chronically absent. A student is "chronically absent" if they missed 10 percent or more of the school year regardless of excuse. [Click through the Chronic Absentee Rate Calculation.](#)

Explanation

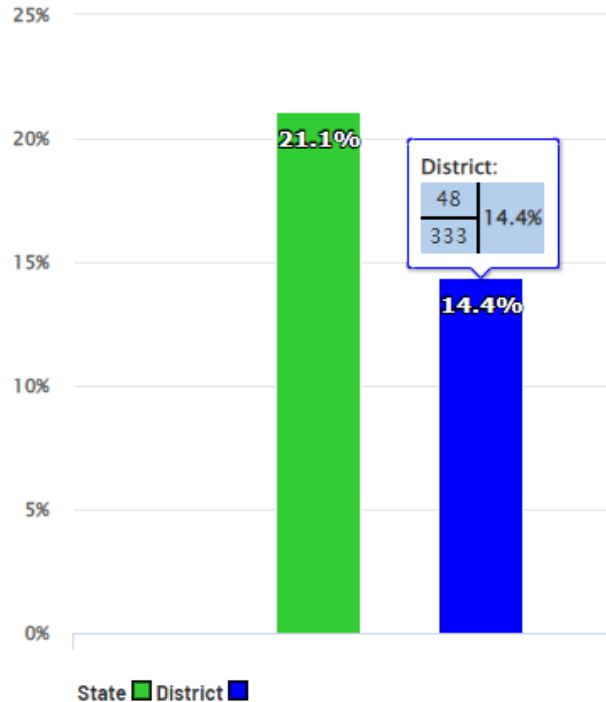

Step 1 [Step 2](#) Step 3 Step 4

- **The number of students identified previously determines your numerator**
 - 48 of chronically absent students
- **Notes: What defines a chronically absent?**
 - Includes students subject to compulsory attendance (grade 1 and beyond) who have been absent without valid cause for 10 percent or more of the previous 180 regular attendance days

New Data and Visualizations: Connection to Public Report

Each page repeats key elements of the Report Card display for that metric but also breaks performance down by the cohorts of students moving through the school.

2021 Summary

2021

1st

Stakeholder Feedback

“The rate at which improvements and user interface designs are being coded into the dashboard is just phenomenal. What's also incredibly beneficial about this work is that the dashboard is focused and aligned to the data that Illinois schools need to look.”

Patrick Hoover

Chief Innovation and Technology Officer

Aptakistic-Tripp School District 102

Ongoing Stakeholder Input

- Meet quarterly with diverse group of stakeholders (representation includes unions, administrators, teachers, and others)
- Developed Google Classroom to share resources, mock-ups, materials and engage in ongoing dialogue about development

Future Enhancements for My Data Dashboard

- Inclusion of additional Report Card metric visualizations including academic assessment metrics
- Ability to include draft AFRs/Budget in Financial section of the tool (coordinated with agency initiative)
- Summative Designation Explainer
- Redesigned Teacher Portal
