Per Sections 14-1.10 and 14-13.01(d) of the Illinois School Code and ISBE rule provided in [23 Ill. Adm. Code 226.800\(g\)](#), each stand-alone district or the special education cooperative entity of which it is a member must “employ a full-time director of special education, “ who shall be the chief administrative officer of the special education programs and services of the district or cooperative entity.”

The ISBE Special Education Department maintains the official directory of Illinois State-Approved Directors of Special Education. When a new director of special education is appointed for a special education cooperative or stand-alone district, the title of “State-Approved Director of Special Education” must be requested and approved through this department to serve as the “chief administrative officer of the special education programs and services.” It is important to note that while a stand-alone district may employ more than one special education administrator, only one individual may be employed as the chief “State-Approved Director of Special Education.” If member districts are part of a special education cooperative, the director of the cooperative is appointed as the “State-Approved Director of Special Education.” We ask that you please notify our department as changes occur so we can keep this directory as accurate and up to date as possible.

Please note, beginning July 1, 2026, member districts of a special education cooperative will have the option to request ISBE approval for a district administrator to serve as the "chief administrative officer of the special education programs and services." If a district chooses to pursue this option, the designated administrator must hold the required Professional Education Licensure with the required endorsement in order to then serve as the State-Approved Director of Special Education for that district.

Districts or special education cooperatives must submit a letter or memo that includes the name of a new State-Approved Director of Special Education, the individual’s Illinois Educator Identification Number, and the effective date of the Director appointment. In addition, please include the appointed individual’s educational contact information, which should include mailing address, phone number, fax number, and email address, on official school district letterhead.

Please contact the ISBE Special Education Department at 217-782-5589 or ISBESpecED@isbe.net if you need assistance or need to make changes/updates to this directory.
